\*\*Authenticable party = Application comes from an email address that belongs to a registered User whose WCA ID is the affected one.

### NOTES

- All this document is for Persons / Competitors. Attached Users accounts in the WCA website are managed parallely and accordingly.
- Fixes are applied for all the records for the Person, from the very first to the more recent results.
- Changes/Updates DO NOT affect old records: it supposes the creation of a new profile for the competitor. Both profiles, old and new coexist in our database and website.
- We are stricter with nationalities because regional records depend on them and in DOB because they're used to verify identities on WCA ID claims.
